NYX & HEMERA
Spring Summer 2026

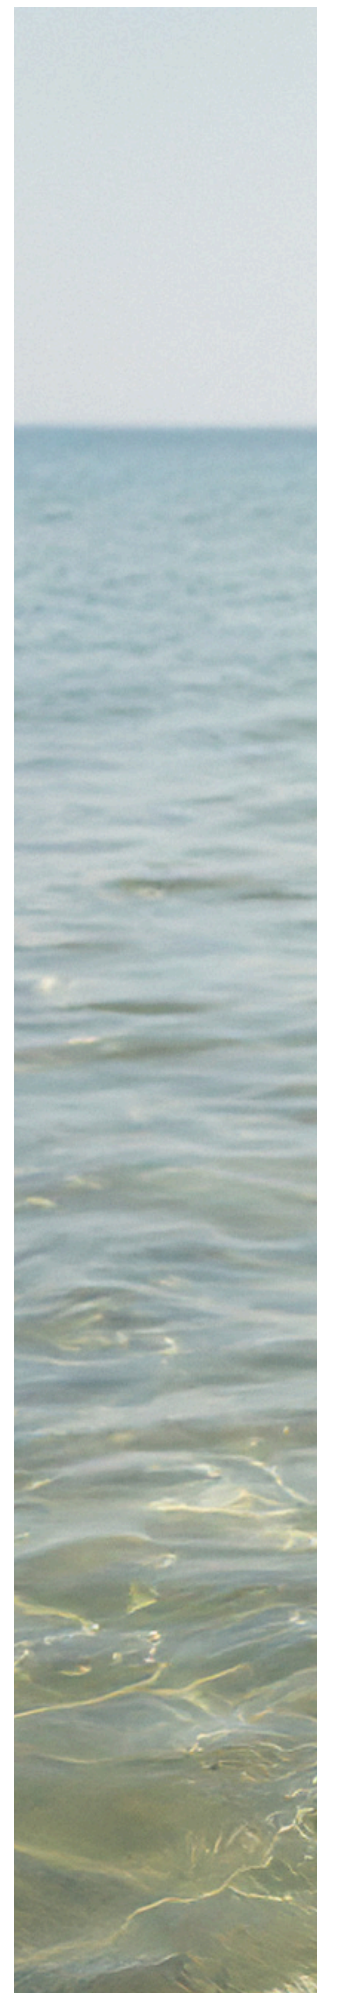

A story woven in myth, sun, and
shadow.

Long before the sun rose over sea
foam,
before time divided itself into hours,
there were two goddesses —
Nyx and Hemera.
Mother and daughter.
Night and day.

One arrived as the other faded,
each giving way to the other in a
graceful, eternal rhythm.
A dance of opposites,
woven into the fabric of the world.

And from that myth, a new story
began.

Born between the raw beauty of
Greece and the quiet strength of
Denmark,
a mother & her daughters created the
Nyx & Hemera Collection.

Garments that echo the rhythm of nature and the freedom
of days lived barefoot and sun-warmed.
